Dear IPS Community,

The IPS Twilight Fair is just around the corner and it is our most significant fundraiser. The sheer effort and logistics of bringing it all together is testament of the love our community has for our school. Thank you everyone who is helping to make the Fair a success. The Twilight Fair booklet is almost ready to go and not only does it details all the rides, activities, stalls and supporters it contains thoughts from students about how we might spend some of the money raised.

We were inundated with contributions and not all could be published in the Twilight Fair booklet so here are a few samples of our students' thoughts.

"I really want I.P.S to make money so we can update the school by getting something like this... A trampoline because it's a fun way to get fit. A climbing wall. Athletic track because it's a better way to train endurance and pacing yourself. Synthetic grass over oval because it's safer to fall on and you don't have to run in the mud also you don't need to mow the grass. The soccer nets because then you don't have to run for the ball when it goes through the hole in the net."

Will

"Isn't this school a great place? It is getting better by the minute. For example, last year the disgusting, smelly toilet blocks near the grade 1 and 2 area was removed. Yippee! Then there were two more new classrooms installed and now three new playgrounds being built. Whoopee! But now comes the twilight fair! We need to raise lots of money, but why? I would defiantly love an indoor play area when it is raining because most kids just come in and play games on the computers and iPads. Most children are actually wanting to play outside but technology is the next best thing. What do you want?"

Ashmit

"I think we should have a foam pit and a climbing wall."

Enrolment surge (excerpt from my principal report to school council)

We had initially hoped to only increase the number of classes by one in 2018 however the nature of the enrolments has resulted in inequitable and unwieldy class sizes regardless of how we have modelled twenty-six classes.

In the final week of Term Three the volume of enrolment enquiries had exponentially increased, partly due to the imminent closure of a neighbouring school and closely related to the increase in the number of family sized apartments and housing developments coming on the market close to the school.

While we have held the line that unless a student is “currently living in the residence within the IPS “zone” it is not possible to enrol at IPS”, it is important to understand that more than likely early in 2018 these new homes will be occupied by those who are making enrolment enquiries now.

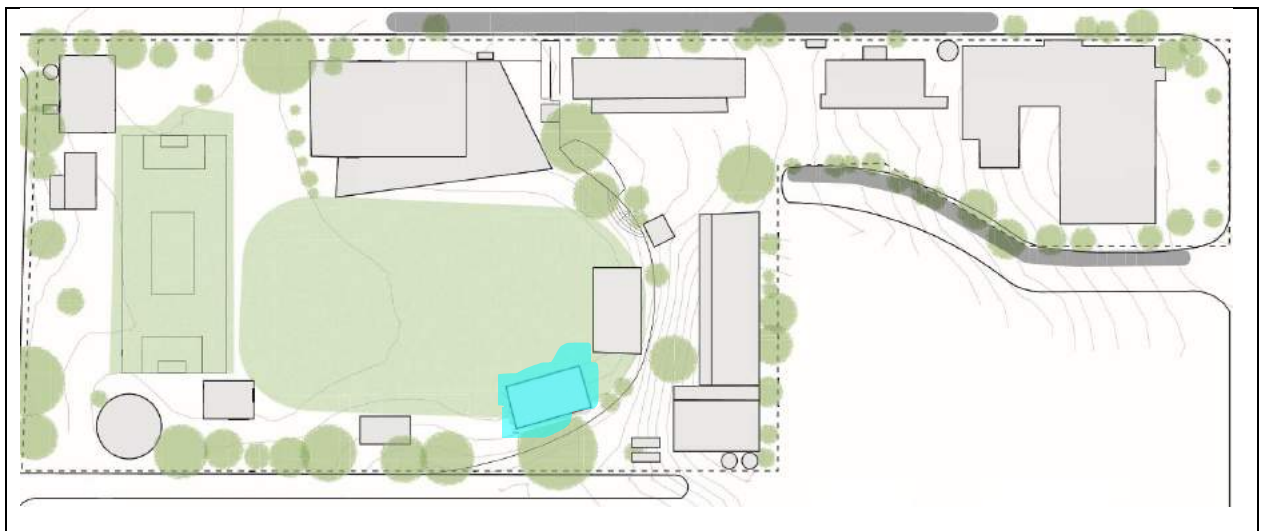

Therefore it is of the utmost importance that we strategically structure our classes to future proof the school’s capacity rather than simply managing the current enrolment. Our anticipated 2018 enrolment will be more than 620, so it can be assumed the pressure on enrolments will continue for some time to come.

The number of available classrooms (including the Collaboration space / MPR) had already been accounted for in the previously anticipated twenty-six classroom model but it is evident this will not meet the newly anticipated requirements of the school. In short, IPS will likely offer twenty-eight classes in 2018.

Over the holiday period, considerable work was done to procure an additional building to cater for this emerging need. Please note: In the 2016 to 2018 period there have not and will not be any double story portables available and the Capital Works Grant would not have been nearly enough to enable a double story building to be erected.

The immediate impact of a new building will be two-fold. On the negative side there will be a temporary reduction in play space, in this case on the edge of the oval. On the positive side there will be reduced class sizes particularly in the junior years. The leadership team will explore timetabling to reduce the effect of the reduction in physical space. Large multi-age classes in small rooms are what we are trying to avoid in order for every student to achieve their very best.

Given we have been through the process recently that resulted in one Mod 5 being placed at the top of the oval area we already know that we are limited in where a second Mod 5 will go. In conversations with the DET planning the best scenario is adjacent to the other Mod 5 maintaining the village atmosphere with the current Year 1 Year 2 classes.

The long-term asset plan has the relocatables being removed from the oval, play space reclaimed and a two story permanent building(s) replacing the portables at the bottom of the Lowe street entrance to the school.

Knowing the number of classrooms available is fundamental to planning the makeup of classes and developing the 2018 workforce plan.

Curriculum Day is November the 6th

OHSC (before & after school care) will only run on Curriculum Day if 25 or more enrolments are received. Edwina will need to know at your earliest convenience and by the 31st October.

Responding to parent request OHSC on Curriculum Days will open at 7.30am.

Thank you
Mark Kent

Values:

Confidence, Independence, Persistence, Resilience, Respect

CHILD SAFETY: Protecting children from abuse is our responsibility.

Ivanhoe Primary is committed to safety and wellbeing of all children and young people. This will be the primary focus of our care and decision-making.

Ivanhoe Primary has zero tolerance for child abuse.

Ivanhoe Primary is committed to providing a child safe environment where children and young people are safe and feel safe, and their voices are heard about decisions that affect their lives. Particular attention will be paid to the cultural safety of Aboriginal children and children from culturally and/or linguistically diverse backgrounds, as well as the safety of children with a disability.

Every person involved in Ivanhoe Primary has a responsibility to understand the important and specific role he/she plays individually and collectively to ensure that the wellbeing and safety of all children and young people is at the forefront of all they do and every decision they make.

THE HEADS UP ON HEAD WEAR....BEING SUNSMART

All students must wear a wide brimmed hat or a legionnaire style hat in **term four**. The 'No Hat No Play' rule applies over summer. Please ensure your child not only has the required hat each day but their **name is written** clearly on the hat. Baseball type caps are not acceptable Sunsmart headwear.

‘Colour Kaleidoscope’ Art Show.

The grade three and four art show ‘Colour Kaleidoscope’ will be held on the 31st October and the 1st November in the Collaborative Space (MPR).

The student’s art works were created after visiting Hatch Contemporary Art Space where they viewed the Aboriginal and Torres Strait Islanders exhibition ‘Nhalinggu Bagung’. They also gained inspiration by viewing and discussing the art work of Sally Gabori, Kudjitji Kngwarreye, Jeanne Petyarre and Tiger Yaltangki. The student’s artistic response to this work was not to replicate the indigenous art work but to find symbols and images that are represented in their own lives. They drew a design using pattern, shape, colour and form. They experimented with watercolour paint application and mixed colours by observing the colour wheel.

We are very fortunate to have Terry Makin the President of Reconciliation Banyule to open the exhibition. The opening will commence at 3pm on the 31st October with the show open until 5pm that day. On the 1st November the art show will be open from 9am to 3.30pm.

I hope you can come and celebrate the grade 3 and 4 student’s individual and collective talents.
