From the Principal

Dear Ivanhoe Primary School Community,

Digital disruption is now common-place and the potential of technology in the future world that our students will shape, is something that many of us can't even imagine. Already, what was science-fiction yesterday – is science-*fact* today: Our pets are microchipped; cars are driver-less; and robots can vacuum houses!

The Digital Learning Technology (DLT) program at Ivanhoe Primary School has been an exciting initiative across both the teaching and student populations.

Our DLT Vision:

Digital Learning at IPS will be irresistibly engaging for students and teachers across all learning areas and domains. Our students will become innovative and confident users of digital technologies, using technology to communicate, collaborate, curate and create, while fostering higher order thinking skills and real life problem solving.

Last year we introduced the Digital Learning Technology Co-contribution so that we could build some strong foundations for the achievement of enhanced learning outcomes in this important area.

In 2017 we will be continuing to invest in the tools and knowledge required for teachers and students across all year levels. Our primary focus for this year is:

1. Funding ongoing regular technical support;
2. Continuing to grow our pool of resources – further increasing student device ratios and other broad access technology tools and resources; and
3. Funding the development and training support for our teaching staff to ensure they are capable and confident with the technology tools in the classroom.

As many will relate to – it is one thing to master new technology yourself, it's another thing all together to teach it to someone else! We are absolutely committed to providing the tools and building the confidence of our teachers so they can make our DLT vision a reality.

This is a request for payment of a \$119 Digital Technology Co-contribution. Your contribution will play a vital role in helping our students to become innovative and confident users of digital technologies. Who knows what they could invent?! Here is what a few of our students had to say about how they are using digital technologies in their classrooms every day.

Kind Regards,

Mark Kent – Principal

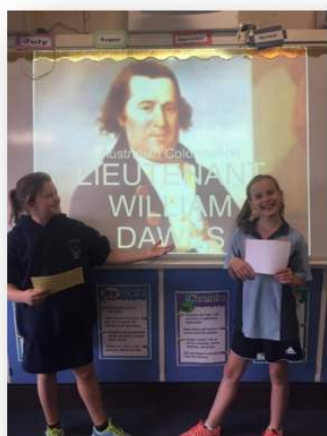

Student DLT Testimonials

➤ Students from Grade 1/20

- This year our class has a new a computer laboratory (next to our classroom) as well as the one in the library and a bank of laptop computers. There is also a brand new big new projector in multipurpose room as well.
- All the classrooms that we go to for our lessons each week now have an interactive projector in them. I really like the Art room projector because the board can be moved up and down so that we can create pieces of digital art as well! There is also lots of new computers that we can use for our learning every day!

➤ Students from Grade 3C

- This year in Grade 3 every student has a laptop to share with only one other person! Some of the things we have used the laptops for so far have included;
 - Reading groups, editing our writing and portfolio work,
 - We have also been using the programs within Office 365. Our focus so far has been exploring and using an exciting application called OneNote. This app is like a digital notebook and you can do lots of things like insert websites and create activities.
 - Office 365 lets you access all the Microsoft programs like Word and PowerPoint. You can also send emails with Outlook. Some people used PowerPoint to create a slide show for their Indigenous Australian plays. We have really enjoyed using Office 365 and look forward to continuing to explore the other applications!

➤ Students from Grade 6V

- Having so much technology available in the upper school allows us to best prepare ourselves for the transition into high school. The interactive whiteboard is great for demonstrating how we learn as each laptop can be wirelessly displayed from anywhere in the classroom!
- Another area of technology we all enjoy is our access to Office 365. It makes working collaboratively during class projects so easy. All we need to do is share files online using either our student email and/or the OneDrive application.
- The applications we have been using frequently include Sway, Microsoft OneNote (digital exercise book), Microsoft Word (both online and local) and Microsoft Outlook (student email).

Where will families find the request for payment?

Families will find details under “My News” on their Compass Home Page (Web browser NOT APP). Look for a Course Confirmation/School Payments heading.

Welcome to the Ivanhoe Primary School Portal

Use the links listed for each of your children to explore the portal. Please keep your mobile phone number and email address up to date (Tools > Update My Details). The school will use this to contact you regarding attendance, events, news and more.

CHILD SAFETY: Protecting children from abuse is our responsibility.

Ivanhoe Primary is committed to safety and wellbeing of all children and young people. This will be the primary focus of our care and decision-making.

Ivanhoe Primary has zero tolerance for child abuse.

Ivanhoe Primary is committed to providing a child safe environment where children and young people are safe and feel safe, and their voices are heard about decisions that affect their lives. Particular attention will be paid to the cultural safety of Aboriginal children and children from culturally and/or linguistically diverse backgrounds, as well as the safety of children with a disability.

Every person involved in Ivanhoe Primary has a responsibility to understand the important and specific role he/she plays individually and collectively to ensure that the wellbeing and safety of all children and young people is at the forefront of all they do and every decision they make.

TRAFFIC MESSAGE

Parents are urged to adhere to the following when using the side streets surrounding Ivanhoe Primary:

- Drive **slowly** and **carefully**, always looking out for pedestrians
- Avoid making a dangerous U Turn in Ailsa Grove (motorists should travel to the end of Ailsa Grove and use the turning circle)
- Remain in your car when parked in the two minute drop off zone
- **Do not double park**—it is incredibly dangerous and holds up traffic trying to move into and down Ailsa Grove.

Cyclists

Parents of students who ride a bicycle to school are asked to reinforce the need for their child to walk with their bicycle in Ailsa Grove. This is a safety rule as there are many pedestrians as well as vehicles turning across the driveway at the end of Ailsa Grove.

SUPERVISION OF CHILDREN BEFORE SCHOOL

Increasingly, more children are being dropped off at school or arriving at school well before 8.45am—in some cases at 8am.

If your child is not booked into the Before School Care program you must not leave your child unattended in the school grounds. Parents are responsible for making suitable arrangements for their children prior to the yard duty teachers arriving at 8.45am.

ANZAC Service Monday 24th April

It was an impressive display of respect by our students at this week's ANZAC Service. Every child sat in silence for our moving ceremony. Well done to our **school captains** who had rehearsed their speeches and delivered them in a professional manner. Also to the **choir** who sang beautifully. Thank you to all who assisted including the **teachers** and **students** who made lovely poppies and historical displays.

To our special guests: **Dmitri Cherkasski** – trumpet, **Police Pipes and Drums**, **Brian Tateson** Box Hill RSL – Vietnam display; **Anthony Carbines** Member for Ivanhoe and **Kati Williams** our in-house historian and parent - you made the day special. Also thank you to our School Council representatives: Tracey Cox and Graham Fraser. I would like to thank **Con Hachem** for capturing the event on digital and stills photography.

Learn music

here at school

Come and join in the fun of learning to play keyboard, guitar, here at Ivanhoe Primary School.

Creative Music for Schools conducts a music program here at school each week.

Small group classes or one-to-one lessons of up to 30 minutes give children an excellent grounding in music where they will learn to read music and play their chosen instrument.

Tuition costs from \$16.20 per lesson and enrolments are now being accepted for limited places in term 2, 2017.

Interested parents should call Sharon during office hours on 9818 2333 or email sharon@creativemusic.com.au
