From the Principal

Dear Ivanhoe Primary School Community,

Curiosity and Powerful Learning and our Strategic Plan

In the modern world, being a self-directed and self-determined learner is the most important skill to develop. School communities without clearly articulated beliefs around learning create wild inconsistencies for students as they travel between classrooms and take part in extracurricular experiences. Without a collaboratively created belief system that is lived each day through classroom norms for learning and a common language, schools cannot develop each child to his or her potential as a learner. (Change.School)

I spent Monday and Tuesday with 700 school leaders unpacking the why, what, who and how of change. Keynote speakers from the UK, USA and Canada spoke convincingly of the need for teacher collaboration, precision of purpose in learning in every classroom and the power of community made up of students, parents, teachers and others to positively influence the school experience of every child.

It was reassuring to note that we as a school are on the right track. Our four year goals in our strategic plan are:

- All students to be literate, numerate and curious learners.
- Build a consistent instructional practice in Literacy and Numeracy of every teacher.
- All students to be engaged, connected and make positive contributions to the development of the whole school community.
- Empower students through approaches that provide them with a greater voice in decisions that affect their school experience.
- All students to be resilient and display behaviors and attitudes that reflect the school values.
- Ensuring students have the tools, skills and modelling to enable them to develop positive and self-regulating behaviours

Our shared vision is that Ivanhoe Primary School encourages the development of the whole student. Our aim is to support learners in becoming curious, reflective and critical in their thinking as global citizens. Change does not happen quickly and sometimes, there are setback but if we work together with shared purpose we will make a difference for every child. We thank you for your support.

Sunday July 23rd 9am to Midday - Next Working Bee for the diary

Grade 4 Working bee (Working Bees are assigned to a year level to try and promote social interaction within each year however if you can't make your specific year level then please come to any of the working bees). When it comes to volunteering at the school we realise that we all have different skills. If working bees aren't your thing or are impossible for your family to get to but you want to contribute to the maintenance of the school then you can make a donation at the office which will be put towards the materials we need. Or if you use your skills in other volunteering activities around the school then even better, please feel excused from the working bees. Or if working bees are your thing, (e.g. you have some appropriate skills or like manual labour) and you feel that is the best way you can play your part around the school then please feel welcome to come to more working bees or join the Facilities & Maintenance Committee.

PS There are plenty of jobs the kids can do.

PPS There may be House Points for kids who do some jobs.

PPPS Bring a plate for morning tea.

From the Facilities & Maintenance Committee

OHSC 25 Years of Service Today – Edwina Coates our wonderful coordinator

There will be a light afternoon tea at the OHSC at around 4.15 on the 29th of June for anyone who'd like to drop in and celebrate those amazing 25 years.

Volunteer Testimonial: Tracey Cox (parent of Alexandra Yr 5 and Kate Yr 4)

Why I volunteer.

My life is very busy with four children, part time employment, sport and community group involvement, however my children are my priority.

1. I volunteer at Ivanhoe Primary School for my children. By volunteering at school, my children know I care and they appreciate that I am part of their world.
2. I volunteer to be part of our great school community and I have formed many friendships over the years.
3. Contributing to the school and the community gives me great satisfaction, to see children learning and smiling at school makes my time spent volunteering worth it.

Ride to School Day Grant awarded to IPS

We all understand the importance of road safety, road rules and fun that comes with riding bicycles and the Bike Ed Program aims to enable students to:

- gain knowledge and understanding of the road traffic environment and the road rules
- develop the physical and cognitive skills to manage the road traffic environment safely as a cyclist
- develop responsible behaviours, attitudes and decision-making skills for the safe use of bicycles both on and off the road through participation in enjoyable learning experiences relevant to their ages and abilities.

Other benefits include enhanced health, fitness and wellbeing, confidence and independence and learning and social development. Congratulations to Ms Simons whose application on behalf of IPS application in the latest round of Ride2School Awards was successful. IPS has been awarded \$2,000 towards the purchase of staff Bikes for those that teach Bike Ed.

Ride2School will visit our school and launch the project in the near future.

Road Safety and Holidays

Remember not everyone using the roads has children so many drivers won't be aware that with school holidays kids are out and about between 9am and 3.30pm so remind your child(ren) to exercise extreme caution when cross roads.

Thank you

Thank you to all the amazing teaching staff particularly Chrissy Temple and Stacey Cook for their work in Years 2 and 4 respectively replacing teachers who have been on leave. Pam Wright for her support to me personally as well as providing support to staff, children and families. Also to the incredible education support staff who work with individuals and groups of students and last but not least our administration team who keep the school ticking along.

Thank you to our volunteers and families who support the school in so many ways. Collectively we have implemented or begun to implement efficiencies and practices that ultimately improve outcomes for students. Finally thank you to our Junior School Council, House Captains and Sustainability Leaders for being great role models and helping to make our school a great school. Stay safe.

Dear Parents

Everywhere – Development is higher than we expected from the Ivanhoe Structure Plan with a huge number of Applications now in play or going to VCAT - including 5 storeys approved by VCAT in Waterdale Rd next to Baptist Church and close to this school. YOU CAN

- Email State Politicians to call this in and change their policies / email Banyule Council to make sure they reject this proposal and attend their meeting on the 17th July (MON - start of TERM 1) which will decide for or against the Application.
