### From the Principal

Dear Ivanhoe Primary School Community,

#### House Athletics 3 – 6

As I write this, the sun is shining and the students from Years 3 to 6 are participating in the House Athletics Carnival at the Collingwood Little Athletics Centre.

Back at school with a largely diminished population, the younger students have been given the freedom to explore the play areas they would not usually be playing on and having a wonderful time.

#### Having a voice in school and in learning

Parent engagement and involvement in school can take many forms. Broadly speaking this falls into two categories. We love both. The DET published definition below outlines involvement and engagement and I have exemplified them with a few dot points that are not exhaustive.

**“Parent involvement in schools** includes attending events, volunteering in class or other activities, serving on school councils and parent committees.”

- Helping supervise excursions.
- Attending working bees.
- Helping with school banking.
- Being a classroom helper.
- Supervising (and cheering kids on) at athletics.
- Supporting fund raising activities.

**“Parent engagement in learning** encompasses parent involvement in schooling as well as a broader range of activities, including parent support for children’s learning at home, at school and in community contexts—recognising the cultural and social diversity of families and communities.”

- Listening to reading at home (or at school).
- Making time to talk about the positive aspects of school and school work.
- Playing real life games to encourage mathematical and general knowledge.
- Helping children use their words to understand their feelings and behaviours.
- Providing simple responsibilities that encourages good choices and time management.

#### Why I Volunteer at IPS – Urszula Donovan

As a freelance editorial consultant, part-time postgraduate student at the Victorian College of the Arts studying at night, mum to an active, curious and inquisitive three-year-old PJ Masks-obsessed Oski and highly imaginative, bright and creative daughter in Foundation C (sometimes known as Ninja Cat Lila), life is .... well, the opposite of Zen. So when the topic of volunteering came up, I thought I wouldn’t have time. Still, I really wanted to get involved in my daughter’s school because she spends most of her week there. I wanted to know all about it — from her teacher, who is the awesome Mrs Natalie Costa, and her classmates, to the important learning and play Lila is engaged in five days of the week.

When I discovered the parent-helper program earlier this year, I immediately signed-up and attended the two training sessions, which were relaxed, fun and informative. Since then I have volunteered in the classroom every second Wednesday morning for a couple of hours. It’s the best part of my week, and always so much fun. Not only do I get to be in the classroom with my daughter, I help her lovely classmates and teacher during the reading groups session. This can be anything from reading a story to a small group of children, playing games like word Bingo, helping with word searches and colouring-in, stapling paper headbands and sharpening blunt pencils to encouraging students to keep trying, praising their efforts and creativity.

Last week, I was a parent helper when IPS celebrated 100 days of foundation, which was a memorable and enjoyable

experience. It was a pleasure to be around so many smiling faces and watch the parade of giggling children dressed-up like they were 100-years-old, including my very own Groovy Grandma Lila. Volunteering is fun and rewardable. But it's the smile on my daughter's face when she knows her mum is going to be in the classroom that makes it even more special.

### Restroom Reno Project Update – the Junior School Council have spoken

The Junior School Council met in the staffroom on Monday after assembly where Anna Womersley architect and parent of Keelan in 4C presented some wonderful images for the JSC to consider as murals for the inside of the “new” toilet facilities. The students got to see and vote for their favorite on behalf of their classes. The results apparently are in but no one will know what they are until the grand opening. Stay tuned.

All systems are go for weekend of Aug 26th - 27th to complete the project. If you can help **please** contact Glenn Anderson on 0434781829 or [g\\_andeson@iinet.net.au](mailto:g_andeson@iinet.net.au) with your contact details and nominate a morning or afternoon.

### CLOSES TOMORROW - Star of the Week Survey - Student Voice and Agency

A survey has been created and conducted by Year 6 student leaders at IPS to potentially change the Star of the Week ceremony at school assembly each week. The objective is two pronged. We are trying to tie the award more closely to our You Can Do It and Habits of Mind programs as well as increase student engagement in school assemblies. We have already surveyed the students, but now we would like the staff/parent community to be involved. This survey will simply give us an idea of the changes you might like to see happen with Star of the Week. ### 2017 Parent Opinion Survey closes on Sunday 27 August 2017.

The Parent Opinion Survey is an annual survey offered by the Department of Education and Training that is conducted with a sample of randomly selected parents at each school. This survey is designed to assist schools in gaining an understanding of parents' perception of school climate, student engagement and relationships with parent communities. A random parent sample was generated by the DET software and a school survey link was emailed to recipients last Monday.

### School Values

Do your children understand what the words mean? Can they give them life?

#### Values:

Confidence, Independence, Persistence, Resilience, Respect

Pick a word a day and toss it around in conversation at home. See if together you can arrive at a simple definition that you can both example with real life experiences. Encourage your child to share this with a friend at school, a teacher or me. 😊

### Next week is National Support Staff Week: 14th – 18th August 2017

August is the time that we acknowledge the huge contribution that Education Support (ES) staff make to the school team. Our ES team include our office and admin staff, our librarian, our teacher aides and integration aides who all go beyond their technical role descriptions for the benefit of our students.

The support they provide to our educational programs cannot be overestimated.

They have a direct impact at every level of the school operations from the office to the classroom to the school yard and I formally thank them on behalf of the entire IPS community.

### Local Leader Grants closes on the 18<sup>th</sup> August.

Vote at this link <http://www.leaderlocalgrants.com.au/idea/ivanhoe-primary-school>

We would love to put a rubberized surface underneath our very popular playground equipment. This equipment is used by the Year 2 students during the day and by our before and after school care children in the morning and in the afternoon. PLEASE VOTE AND SEND THE LINK TO FRIENDS TO VOTE AS WELL. This is a super easy way to have an impact and save on band aids. 😊

### Book Week is coming (21<sup>st</sup> August)

I.P.S will be celebrating with lots of fun activities throughout the week.

Author Phil Kettle will be visiting our school, (please make sure your payment has been made via Compass.)

"Phil Kettle is a prolific children's author who specialises in encouraging reluctant readers. He found phenomenal success with his first series TOOCOOL, which ran to 34 books. He followed up with BOYS RULE, GIRLZ ROCK and BILLY COOL, each series more successful than the last. The underlying themes of his writing are individuality, freedom of thought and positivity. Phil is currently writing a series called OUR AUSTRALIA for Australian Geographic."

There will be the great Book swap. Please make sure you bring in a pre loved book next week and send the library. There will also be our dress up day and special assembly. **Please start preparing your costumes now.**

### Digital Learning Technologies - food for thought

Teachers, students and parents are increasingly using digital technologies to teach, learn and communicate, challenging the traditional concept of a school. Professor Stephen Heppell defines the notion of Me, We, See as three spaces students use in a contemporary digital world:

ME – a private "me" space where I am free to reflect, record my thoughts, take responsible risks and try new things. I am the only audience member. I can password protect online space or protect a device that only I have access to.

WE – a collaborative "we" space where I am able to share my work with a known group of peers or colleagues, the group is selected and access is almost always password protected. It relies on respect and trust and the audience is known.

SEE – a public space, where the whole world can "see" my ideas, creations and work.

Your support via the voluntary co-contribution of \$119 to our Digital learning Technologies program is essential to our work. Thank you. [Pay Now / Click here](#)

### Pick up and drop off Safety

If your child is waiting for you to be picked up they must wait inside the fence. They can still see you coming but are safe inside the school. Yard duty supervision ceases at 3.45 and children are directed to the school office. If they have not been picked by 4pm they are enrolled in OHSC and a fee charged accordingly.

### RestRoom Reno Project Update

This week the Junior School Council were provided some options to choose colour scheme and wall murals. An order has been placed for customer made doors for the toilet cubicles. This upcoming weekend some new light fittings will be installed and plaster repairs to the ceiling.

We have had good response to a request for helpers on the weekend of 26-27 August. The rough plan is Saturday morning preparation (wash walls, remove old toilet roll holders, soap dispensers etc) Saturday arvo 1st coat of paint. Sunday morning 2nd coat of paint and Sunday arvo replace new toilet seats, roll holders, soap dispensers, mirrors, hand dryers. Clean taps and troughs. Over the following week the wall mural and new doors will go on, new cisterns for the urinal and then finally the floor will be painted.

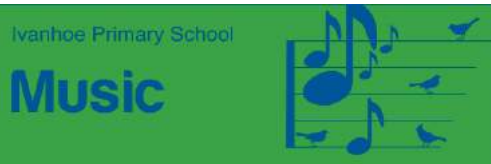

We still have a few spots left for helpers, so if you are available please respond to Glenn Anderson [g\\_anderson@iinet.net.au](mailto:g_anderson@iinet.net.au) or 0434 781829.

**Email: [thornbury.hs@edumail.vic.gov.au](mailto:thornbury.hs@edumail.vic.gov.au)**

For the last two years, enrolments at Thornbury High school into Year 7 have been almost precisely 50% female, 50% male. That trend is set to continue in 2018.

We work hard at Thornbury High School to help both girls and boys successfully integrate into our quality co-education environment. In doing this, we recognise that girls can have different learning styles and emotional and curriculum needs.

I would like to invite you and your daughter to attend our annual 'Girls' Night Out'. The evening is an opportunity to hear firsthand from a panel of current Year 7 and Senior girls, about their experiences at Thornbury High. Your daughter will be invited to participate in a variety of activities that showcase some of our innovative and exciting curriculum options.

What better way to make a decision about your daughter's secondary education than by meeting and chatting with girls who experience it every day?

We look forward to welcoming you and your daughter to this fun and informative evening.

Kind Regards

Michael Keenan  
Principal
