How are Twilight Fair Funds Used?

Ivanhoe Primary School Council consults with the whole school community when it comes to spending The Twilight Fair Fundraising money.

The 2015 Fair money went towards the items that students, parents and staff requested, including:

- **Shade sails** over the Foundation passive play area and Grade 2 playground.
 - A retaining wall and **amphitheatre** constructed on the far side of the oval creating a new play space.
 - Improvement of **Digital Learning Technology** resources and communication (**together with the 2016 DLT Student Co-Contribution**). Namely: **Compass**, increased **WiFi** speed, **overhead projector** for the multipurpose room, **interactive screens** for the music and art rooms, new technology **devices** for our students. With these in place, we were able to increase the school's technical support and provide digital learning support for our teaching staff.
- Money raised from previous fairs funded **air conditioning**, **oven** for the canteen, **plants** and school grounds resources, passive **play area** construction and the outdoor **multipurpose court**.

IMAGINE what Twilight Fair 2017 could be funding for our school! **We urge you to support the Fair to create a fun day that will benefit your child.**
